

SODBURY CHALLENGE 2020 – RISK ASSESSMENT

Risk	Person at risk	Person at Risk & Control Measures	Person responsible for the Control	Review Date
Team's Experience	Teams	Scout groups are advised that entrants must be able navigate.	Team's Scout/Explorer Leaders	For this event
Team's Equipment	Teams	Minimum kit lists will be issued, and local leaders will be responsible for checking their teams have the correct kit	Team and unit leaders	For this event
Lost Teams	Teams	Teams will have maps, compasses and be trained. They will also be in an area full of signposts, farms, and houses to ask for help. Some teams will have leaders with them and the more skilled may walk on their own. Plus, the event is taking place in day light this year	Team and unit leaders	For this event
Roads and Traffic	Everyone	Everyone to follow Highway and Country Codes, walkers to wear hi-vis jackets.	Team and unit leaders	For this event
Road Use	Everyone	All roads are of slight to moderate risk. The worst roads being the Rangeworthy and Wickwar roads. Wickwar road now has a 40MPH speed limit on part of it. There are also footpaths and wide grass banks along stretches of the roads.	Team and unit leaders	For this event
Accidents	Everyone	Scout will have a mobile 'phone to enable them to call for help. They will also be advised to download before the event the three words app to help identify where they are	Everyone	For this event
Team's health	Teams	To be controlled by local leaders	Local leaders	For this event
Checkpoints	Teams	Trips and slips. During kit check make sure adequate footwear is being used and everyone has torches.	Team and unit leaders	For this event
Weather	All	Being aware of weather conditions and conditions of teams	Team and unit leaders	For this event
Public interaction	Teams	Teams will be using roads, footpaths and rights of way. The event will be spread out over a month so the density of teams will be low. Teams will be asked to be polite and considerate to the locals	Team and unit leaders	For this event
